SerialSolutions Demo

Enclosed is the demo version of our serial port object for the NeXT computer.

Differences between the Demo & Release versions

1) The demo version is about 15% bigger (due to the extra code).

2) The demo version will pop an alert panel when you initialize the object.

3) The demo version will quit working after about 10 minutes.

You can order a copy of SerialSolutions for $49.95 US until Sept 1,1992
$79.95 thereafter.
