

SysErrors Change History

1.0 18th March 1997

Added Open Transport PPP errors from the AppleScript Notes file.

1.0b1 7th March 1997

Only possible to open a limited amount of Error Windows instead of being able to open windows until it crashes!

Removed all the unused PowerPlant classes and libraries, so that the application is about half size.

Change the memory allocation to 512k instead of 1024k.

1.0b0 6th March 1997

Incept date, posted to Info-Mac.

Build application using Metrowerks CodeWarrior 11.

1.0.1 28th April 1997

Added SQL error table.
