### **Rebooting/Resetting Door/Burglar Alarm System**

Code to reboot system: 60168000\*99

Note: Type this exactly. Failure to do so may change the programming and mess up the system. Do not give this code out. The system will say "Restarting" 10-30seconds after typing this code in. Two green lights will appear and then an amber light. The amber light will go off after 1-2 minutes and the system should say "Disarmed".
