Course Description:

The purpose of the Cadet Teacher program is to give high school students who are interested in the profession of teaching, pre-vocational information and experience.

Goals & Objectives:

Upon course completion the student will be able to:

- Demonstrate the knowledge and application of working in a variety of situations within the classroom.
- Understand the importance of time management.
- Demonstrate personal reflection through writing and conversation.
- Identify the career skills needed to be a successful teacher.
- Identify their own strengths and weaknesses related to the teaching field.

Grading:

There is no academic content to this course. Student's final grade will be based on fulfilling the requirements agreed upon by the supervising teacher and student, as well as the completion of a final reflection. Basic requirements will be regular attendance, taking initiative, and following the behavior expectations below.

Behavior Expectations:

- Behave like a teacher rather than a student.
- Keep what happens in class confidential.
- Dress appropriately.
- Notify your teacher if you are unable to make it to their class (phone or email).
- Keep your cell phone out of the classroom.

Other Requirements

- Attendance is important. If a student has more than 3 unexcused absences we will need to discuss and may reevaluate your status as a cadet teacher.
- One final reflection paper will be required.(Prompts are attached)
- Students will need to check in at their buildings and use volunteer/student badge if necessary
