OTK10105 True Love

\$34.95 New for 1999! 🇬🇧

True Love is an adventure game with a difference. You're in charge of a gang of girls on the rampage. Can you find out their secret desires and match them to their ideal man (or even woman) before their last summer of freedom is over for good? And keep a look out, because their school teacher is on the prowl. True Love might take place in modern Japan, but it's a quest in the classical mode. Each item you get can work its powers. Some will get you out of trouble, and some can get you into it! Drinking will up your bravery, but it diminishes your judgement. Accessorize to make yourself more beautiful, but be careful you don't attract the wrong kind of attention. Up your score by joining in the pact to get a man by the 27th, but beware, it could all go horribly wrong if you wake up on the morning of the 26th without any offers. Watch out for that only-guy-left-in-the-pub-at-last orders situation; you'll need the escape-item for that, but you'll have to find out what it is first! Who knows what fate has in store for your characters? Eyes meeting across a crowded room? Or just another lonely night? Only you can make a difference.
