Senior Trip: An Annual Good Time

The bus pulled out at 8:03 and the senior class was on their way to the Mall Of America. With plans for the rides at Nickelodeon Universe, touring the Sea Life Aquarium, lunch at one of many awesome restaurants, and perhaps a little shopping, they were happy to be headed to the cities.

Each year, the senior class works the concession stand during several volleyball and basketball games in order to raise enough money for their trip. Our concessions were quite successful this year due to the hard work of many of the students and the moms who baked so that we could make a little extra on baked goods.

After much deliberation over possible trip destinations, the students agreed on MOA. Denise Weimer and Renee Johnson accompanied Ms. Henry as chaperones. Their presence was much appreciated. Also, a big thanks to Harry, the bus driver. He knew the shortcuts and kept us out of much of the rush hour traffic.

As we returned to the school around 7 PM, it appeared as though their last "field trip" together as a class was a good one. The McGregor Class of 2015 is an exceptional class, and they will be missed here at the high school.

From the Principal

BOB STASKA
Principal and
Activities Director

Another year has come to an end. I would like to congratulate the 22 graduates and wish them the best of luck in their future endeavors.

As we prepare for the upcoming school year, I have a few reminders for parents. If your contact information has changed recently, please let the office know. I know of several instances this past year where Instant Alert messages were not received or where parents were not able to be contacted because phone numbers had changed, and the school did not receive the contact information. We would also like to have as many email contacts for parents as possible. Given many busy schedules, sometimes this is an effective way for the school to communicate with parents as well.

I encourage parents to review their students' sched-

ules and credits with them. Mr. James Fischer, our school counselor, will be sending out credit information for next year's students in grades 10-12. It is best to make up credits at the ALP sooner rather than later. Our goal is to have a 100% graduation rate for our students!!

I would also like to remind parents to make appointments early for athletic physicals if your son or daughter is participating in a fall sport. Since practice starts before school starts, sometimes this sneaks up on us. MSHSL sports physicals are good for three years. A blank form can be obtained in the high school office or on the MSHSL website at <http://www.mshsl.org/mshsl/publications.asp#5>. Parents and athletes will receive letters letting them know the start dates, practice times, and game schedules for fall sports.

The athletic schedules for next year are posted on www.PolarLeague.org. Just click on the McGregor link. There is also a link on the school website. Many of you are using this site, and I have received a lot of positive feedback. Many of you have also signed up for email alerts when schedules change or have linked this with the calendar in your phone. There are many user friendly options with using this website that I encourage parents of athletes to explore.

I hope that everyone has a safe and enjoyable summer!!

Isaiah and Physical Education Teacher, Becky Hagen, post 5k race after jumping off the dock at Big Sandy Lodge. Isaiah did a FABULOUS job!

M.A.C. Bird Busters

2015 Spring Trap Season

This year's shooting team consisted of 52 high school students from McGregor, Aitkin and Cromwell School Districts. This season has gone very well for this group of kids. The coaches saw improvement in each shooter this year. One highlight of the season is that we had 6 young men shoot 25, which is a perfect score, Ryan Besch from Cromwell and Joey Glunz from McGregor each shot 2 perfect rounds this year. Jackson Hargrove, Chris Jackson, Spencer Jacobs all from Aitkin and Rusty Lund from Cromwell each shot 1 perfect round this year. That is the most 25 scores we have had in one season. It put a lot of smiles on a lot of faces.

At the end of competition week 1, the M.A.C. Bird Busters were in 1st place. This group of kids were determined to stay there and they did. They remained in 1st place all 5 weeks of competition shooting and took 1st place in their conference. In addition to that great accomplishment, the team also had 6 teammates finish in the male top 25 in our conference, Ryan Besch, Devon Moe, Rusty Lund all from Cromwell, Chris Jackson, Spencer Jacobs both from Aitkin and Joey Glunz from McGregor. The team also had 3 finish in the female top 25 in our conference Morgan Kowitz from McGregor, Allison Rinta and Jordon Rinta both from Aitkin. We also had a teammate make the top 100 overall list this year which was Ryan Besch from Cromwell.

On June 14th, 40 shooters from the team will travel to Alexandria for the 2015 Championship Shooting Tournament. The top teams will be invited to participate in the MSHSL State Shooting Tournament on June 20th in Prior Lake. This group of kids has a real good shot at doing just that. The top 100 shooters are also invited which means the teams own Ryan Besch from Cromwell will be representing the M.A.C. Bird Busters on June 20th. The coaches and team members are aiming to have our team join him there. The coaches could not be more proud of this group of kids and the accomplishments made this year.

There are also many volunteer man hours that go into this league. There are several adults that come each week to help set up and score. There are people doing the scheduling, score reporting and paperwork. There are several organizations that donated money to this team to help keep it affordable for families. The M.A.C. Bird Busters coaches and team members want to thank everyone that helps make this the team that it is. It would not be possible without many hands helping.

Valedictorian - Aisling Jelinski

When I was 10-years-old, my parents moved me from Ramsey to McGregor. I went from a class of hundreds of kids to one of just under 30, all of whom had known each other since they were five. Needless to say I was nervous, but my classmates welcomed me with open arms and I officially became a part of the Class of 2015.

Everyone has seen Mean Girls or The Breakfast Club, and even at young ages there are cliques. The athletes hang out with the athletes; the artsy kids hang out with the artsy kids. But there aren't really cliques at McGregor – for the most part, everyone hung out together. As we got older, we grew up together, and now that we're seniors we're closer than ever. Everything we went through we went through together, becoming a family of sorts, and I'm going to miss this family we've built.

We couldn't have made it this far if it hadn't been for this great little town. The community has always gone above and beyond to help our school and its students, and for that we thank you. I'd also like to thank the school faculty that do all they can to make McGregor ISD#4 a safe and happy place to learn and grow. If it hadn't been for the school and the members of our community, I don't think we'd miss McGregor as much as we will come fall.

I will be starting at St. Norbert College in De Pere, WI this August as an Honors student. I plan to double major with a minor, but I'm not sure what in yet. I'm very interested in biology, German, art, and classical studies, so I plan to spend my first year exploring my interests and deciding what to study. I hope to study abroad one semester, and plan to pursue a career that allows me to travel and meet and work with others.

McGregor is a great place to learn and grow, and I'm so thankful I had the privilege of moving into the community and the class that I did. Thank you for everything you've done, McGregor.

Salutatorian - Jennie Johnston

My time at McGregor would definitely be time well spent. Along with book learning, I learned things about myself. Between the silly arguments and petty drama, there were so many unforgettable memories. These past four years have been full of ends: the ends of quarters, the ends of semesters, the end of sports seasons, and the end of school years. I would like to thank my family, friends, school staff, and the entire community for everything that they have done not only for me, but the entire class of 2015.

I will be going to the University of Minnesota-Duluth in the fall to major in either Statistics or Finance with a minor in Accounting. After college I hope to either create my own business or find a job in my field.

PAPER MARBLING

Marbling is the art of printing multi-colored swirled patterns on paper or fabric. You've likely seen these graceful, colorful patterns in the end-papers of old books. The patterns are formed by floating the colors on the surface of a natural gel, combing them to make designs, and then laying the paper onto the colors to absorb them. In this workshop, you'll create your own designs on paper, and get some ideas for how to use marbled papers and fabrics. All supplies and materials are provided. Wear clothes that are okay to get dirty.

When: Saturday, July 18; 1:00- 4:00pm

Where: Sandy Lake Forge on Raspberry Island. Meet at the landing, 50569 218th Place, McGregor, MN (Big Sandy Lake) at 1:00pm for a short pontoon ride to the island with a return ride at 4:00pm unless entire group is done earlier. Please be on time as a courtesy to others.
