

Satisfaction Survey

The ISD #4 Community Relations Committee (ISD#4 CRC) is a newly formed committee created to promote our school and community in a positive manner. As a committee, we have identified areas of focus, but would like to prioritize our efforts based on the results of the survey below. The survey is simply a tool created to give our committee direction. We thank you for your constructive opinions and look forward to improving the relationship between school and community. **Due date: December 11, 2009.**
