

Realize Greater Profits As An Authorized Reseller Of nsProtect™ Secure SSL Certificates

As a Network Solutions® Partner, you can provide your customers with the most cost-effective, highly trusted SSL services available. In fact, our secure certificates are the best value in the industry.

We offer four types of SSL certificates (nsProtect Secure Basic, Advanced, Wildcard, and Extended Validation) as well as an nsProtect Assured Site Seal, so that your customers can choose the service that best meets their needs. All of the certificates include:

- Up to 256-bit strong encryption security
- Full validation conducted quickly
- Over 99% browser compatibility
- Site seal issued from a recognized and trusted Certificate Authority
- Up to \$1 Million Guarantee
- All this at a low price designed for competitive, profitable resale

Benefits

We offer four types of SSL certificates (nsProtect Secure Basic, Advanced, Wildcard, and Extended Validation) and an nsProtect Assured Site Seal to meet your customer needs. Our service line features:

- **Low Prices and Term Discounts.** With our low reseller pricing and term discounts, you can sell an affordable service and make a respectable profit - making it a financial win-win situation for you and your customers!
- **Recognized And Trusted Brand.** All nsProtect Secure SSL certificates are issued from Network Solutions - one of the most recognized and trusted brands on the Internet. What's more - they are also backed by the best guarantee on the market.
- **Powerful Encryption.** All nsProtect Secure SSL certificates are encrypted up to 256 bits - the highest encryption level available today.
- **Broad Browser Compatibility.** nsProtect Secure SSL certificates are recognized by over 99% of all Internet browsers worldwide - the broadest browser compatibility in the industry.
- **Comprehensive Validation Process.** For your protection and the safety of your customers, Network Solutions uses a thorough and efficient process to help you verify your customer's identity and the legitimacy of their online business.
- **Prompt Issuance.** nsProtect Secure Advanced and Wildcard certificates are issued in one business day.
- **Free Secure Site Seal.** All nsProtect Secure Basic, Advanced, Wildcard, and Extended Validation certificates include a Secure Site Seal, a visible indication of the site being trusted and secure.
- **Round the Clock Support.** As a valued SSL Partner, you can expect toll-free telephone and e-mail support 24 x 7.

Security Service Comparison Chart
