The Flip Disc portable storage case can hold up to 12 CD-ROMs. \$12 each + (\$3 shipping & handling, \$5 S&H outside the U.S.).

- MACnificent 7 Utilities & Productivity Tools CD-ROM •

Our experts have spend thousands of hours traveling the information superhighway to bring you the best shareware Utilities & Productivity Tools for your Macintosh, Power Macintosh, and Newton. The programs are certified virus-free and have passed stringent compatibility tests, including System 7.5 and Power Macintosh "emulation." For business, home, or school use, there's no safer or more compatible collection of programs.

Features include: over 1,000 fully-functional shareware and freeware programs; 14,000 + files. Categories include Business, Clip Art, Database, Draw & Paint, Graphics Utils, Fonts, Internet, MIDI, Multimedia, Networking, Newton, Power Mac, PowerBook, Programming, Screen Savers, Security, Sound Utils, Spreadsheet, Telecom, and more.

- MACnificent 7 Education & Games CD-ROM •

Ideal for both home and school use, this comprehensive collection of the latest versions of over 7,000 educational, game, and children's files has been gathered by the National Home & School Macintosh User Group for authors worldwide. The programs have been carefully tested for compatibility on several different Mac CPUs and Systems, including System 7. The programs are described, rated, categorized, and cross-referenced. The "Librarian" program containing this information allows the user to navigate among the many programs with ease and efficiency and even launch them!

- Calliope •

What is Calliope? Only the first ever multimedia storytelling anthology! Calliope brings you great new stories, art, music, animation, poetry, and more, by a wide variety of talented artists, musicians, and writers. All these great features are set in an exciting virtual environment that lets you explore and discover at your own pace (or you can browse the main menu if you prefer to get straight into the stories).

Because Calliope was designed to challenge your mind, not your motherboard, its requirements are modest: an '030 Mac with 5MB of RAM, and any CD-ROM drive. Intrigued? Then just wait until you hear the price: only \$14.95 per issue +shipping & handling . Issue one is now available!
