

About Phoenixsoft, Inc.

Phoenixsoft, Inc. has been providing shareware programs, OS enhancements, environment enhancements, documentation, and games for computers since 1984. We have only recently forayed into the Mac OS. All of our old programs for DOS and Commodore are still available, though they must be requested.

Phoenixsoft, Inc. has recently been acquired by Dreamscape Visionery, a company who primarily ouputs textual products, like books, etc. Their first project should be released around mid-spring 1997. A Fantasy Role-Playing Game system called PAYNful Tales, based on the PAYNful Tales campaign that has been running since 1982. Phoenixsoft, Inc. will be their computer division.
