

(Notice: All scripts are fully compatible w/ AOL 2.7... some are 3.0 compatible also.)

('PHuN's Palette' REQUIRES: OneClick v1.0.2 ---ONLY---)

This palette was created by Phun with the help of nobody..

Thanx to all my beta testers, pretty much everyone in macfilez.
((NOTE: the white box is where you select what version of AOL you're using...))
