

Contacting Me

I usually hang out in the "l33t" room, so you can find me there. (Don't ask me what it is if i don't know you.) However, I also stop into zelifcam every so often to mm/get on mms/yell at dumbasses, so i can also be found there from time to time.

Also, if you talk to me, and i don't know you, please don't ask me about tools.
