

read This ALL

Well Guys here it is My Stupid tool....Well not stupid.. YOU MUST QUIT AOL and put this in your tools folder and restart aol and Sign back on remeber QUIT AOL PUT IN TOOLS FOLDER THEN REOPEN ,if you don't do that it will fuck everything upNow I made this Tool to try and replace EVERY tool out there so your menu's won't be crowded with all these shity tools.....This Tool Will **Not Work** With Guide Tool Or ZeaLs tools Elemental or v3 and it will also Not work With canada or masters tools for the same reason But it will Work with Everything else Now not cause of the ID but cause they Don't function correctly at all together and It will fuck everything up BECAUSE... befor you get all huffy and puffy let me explain why Now if you have 2 cars driving 2 different directions on a one way Street ...what will happen ? THEY WILL CRASH and thats exactly what will happen if you combine this with the 4 things listed above cause we did the same kinda thing and they interfeare with each other but I Prefer mine over Canada and shit like that so its up to you i don't care what you do with this toolJust Have Fun -----> Next Page
