

-§PiRa£- Rules

•Mutual Respect•

1. If you are a member of SPiRaL, you are not allowed to be in any other group(s).
2. You must treat every member of SPiRaL with full respect. No fighting will be prohibited.
3. Help ANY SPiRaL member out with what they need, if they have questions, and you have answers, help eachother.
4. For me, come to all the meetings that you can...PLEASE, this way SPiRaL can get closer and become more powerful.

•Uploads•

1. You Must use the correct Upload tag (not your own). If you dont have this tag, just ask me (BoA) and I will get it to you immediately.
2. After an upload, you must imput the name of the file in our uploads diary in our message board. If you dont know if, the board is 8212.

•MassMails•

1. All MassMails must be done with any SPiRaL MMer, as long as its a SPiRaL one. Once in a while you can use a different Hell but try and use SPiRaLtech's.
2. In your MassMails, make them as big as possible and try and send out as many SPiRaL uploads as possible, so we cam advertise SPiRaL in two ways. This also keeps our uploads circulating.

•Termining•

1. Only term if someone has threatened to term you or if someone has pissed you off a great deal. A good way to term is to switch to different SNs and report the same saying each time to keyword Guidepager.

•Job handling•

1. Once let in SPiRaL, you were given a branch of government to apply to. Please follow the rules which apply to your branch.

A. Public Relations - Do your best in advertising SPiRaL, getting prefixes and sharing them with the group, ask people if they need help and try recruiting people into MacFilez.

B. Software - Must TRY an upload either 10 megs or 3 files a week. You must also MassMail at a minimun of 30 files each the time you sign on to AOL.

C. Programming - Try and come up with as many ideas as you can for SPiRaLTeCH and other group hells (or any other SPiRaL utilties). Think of your group before your own hells.

Thank you
