.....
Now is 1999.....so what.
Here is the best mac compilation out there....
Keep it in a safe place.
.....
please post not included serials to:

- history

01-99:

big thanks to a certain regular of abma, who posted some 600 clips
and text files with serials. They are all in here now.

complete update from > LittleBlackBook v1.0.5 <
Nighthawk added 531 (!) new serials to his last compilation.
quote:
"I do hope everyone appreciates the work I put into the site and especially this update. This update
(v1.0.5) alone took 34 hours of work!"
yeah... 34 hours copying serials from this compilation...

complete update from > Iceland Serials® c&n 12.98 <
(next time you copy my compilation,
put a note in it, icelX and Remazol)
added 5 (FIVE) new serials from that one.
