The Links Here are some of the best/worst sites I have ever been too..

Freak's Macintosh Archive

http://freaky.staticusers.net This is the BEST site! It gives updates just about every day, h

Blackout.org

http://www.blackout.org

This site has tons and tons of links to other macintosh underground sites. Has a great file section and hosts many sites such as Weedo Tech, Happle, Team 2600 and other 31337 sites.

SixToed

http://www.punkz.com/sixtoed/

Hosted on my webserver this page is the homepage of the SixToed carracho server- the best server on carracho. Tons and tons of files on this server, the most I have EVER seen. The webpage has many k00l pictures of 2 kids fooling around with phones and bell atlantic telephone stuff :-)

Canadien Academy

http://www.canacad.ac.jp

This site really sux :-) This is my school's homepage. No my school is not a Canadien school and I have no idea why its called that. If you could, get root acces to this and destroy the page with graphiti and anti-school stuff. Heheh

Anarchy Rules

http://www.anarchyrules.com

This should be your #1 stop for bomb instructions, Jolly Roger cookbook, Anarchists cookbook, chemical info and a huge archive of (ughh) PC hacking stuff.

Hackers.com

http://www.hackers.com

This site has the BEST graphics I have EVER SEEN! TONS OF FILES, even though none are for mac and there are hardly ever updates, I go there a lot just to take a look at the wonderful graphics.
