

In the END

Well, theres the second issue down the drain. Hope you all liked it. Be carefull out there. Keep those letters comin! You guys have already practically made CHAOS 3. Keep it up and thanks a lot! Later.

Next Month...

- What would a hacking zine be without a guide to hacking UNIX? Next month will have the first of a two part series for the wonderful art.
- There will be an article on tracing e-mail just for the count.
- For the more advanced, Beige Boxing will be mentioned.
- My guide to the top 10 things anyone can do to help out the hack/crack community.
- And the usuals.
- So, until next time...
