

EMC stands for Elite Macintosh Community. This file is distributed within the community and is meant to inform all of us of new releases, tricks, tactics, and any other points of interest on the Mac.

will :

- People who know what they're talking about
- Quality hints & tips in the "Articles" section
- Advice on which software is the best, which isn't (when comparing similar programs)
- Helpful information

will not :

- Lameness
- 10 year olds trading k-rad 31337 w@r3Z 5173Z, d00d <-- We hate this.
- ANYONE supporting MS products
