Short and sweet issue, expect more in the next issue.

Yes, some articles weren't written about as we promised they would be in volume 9.   Deal.
They will be covered in volume 11, look for it in 2-3 weeks.

Some incentive to read the next issue: Remember PPC604e?   He's back!   New nick, new isp,
same lameness!   We'll have another section dedicated to him :)

Probable articles for next issue:
Very Safe Mail - KidEternity
Setting up a LAN in your home - Wackadoo
Macsbug basics - Wackadoo
FloodFAQ 3.0 - Freakman

Thanks for reading.
