

By now Im sure everyone at MacAddict Magazine knows that we hacked their little CD and that we are nasty little hackers. We know Aladdin already banned some of our serial numbers but thats ok, we got ways around that, remember, we are hackers.

Well now its time for us to play "Hack the Staff".

Heres a few pictures of the staff at the MacAddict Magazine that we decided to hack. How did we get ahold of pictures of the staff from the magazine? We have ways. (chuckle) Im sure you guys at MacAddict will get a good laugh.
