

ATI: Air Technical Index

BLDSC: British Library Document Supply Centre  
BPR: Business Process Reengineering

CA: Commercial Activities  
CAB: Current Awareness Bibliography  
CBIAC: Chemical Warfare/Chemical - Biological Defense Information Analysis Center  
CD-ROM: Compact Disk-Read Only Memory  
CDS: Congressional Descriptive Summary  
CENDI: Commerce, Education, Energy, NASA, NLM, Defense and Interior Federal STI Managers Group  
CISTI: Canada Institute for Scientific and Technical Information  
COMSEC: Communications Security  
COR: Contracting Officer's Representative  
CORBA: Common Object Request Broker Architecture  
COSATI: Committee on Scientific and Technical Information  
COTR: Contracting Officer's Technical Representative  
CPIA: Chemical Propulsion Information Agency  
CRDA: Cooperative Research and Development Agreement  
CRS: Current Research Summaries  
CSAS: Corporate Source Authority System  
CSERIAC: Crew Systems Ergonomics Information Analysis Center

DACS: Data and Analysis Center for Software  
DAL: Dissemination Authority List  
DARPA: Defense Advanced Research Projects Agency (formerly Advanced Research Projects Agency (ARPA))  
DASC: Defense Logistics Agency (DLA) Administrative Support Center  
DBMS: Database Management System  
DD: Defense Department  
DDN: Defense Data Network  
DDR&E: Director, Defense Research and Engineering  
DED: Data Element Dictionary  
DII: Defense Information Infrastructure  
DIS: Defense Investigative Service (now known as Defense Security Service)  
DISA: Defense Information Systems Agency  
DISN: Defense Information System Network  
DISNET: Defense Integrated Secure Network  
DL: Distance Learning  
DLA: Defense Logistics Agency  
DLIS: Defense Logistics Information Service (formerly known as Defense Logistics Services Center (DLSC))  
DLSC: Defense Logistics Services Center (now known as Defense Logistics Information Service (DLIS))  
DMS: Defense Message System  
DMSTTIAC: Defense Modeling, Simulation and Tactical Technology Information Analysis Center  
DOC: Department of Commerce  
DoD: Department of Defense

DoDD: DoD Directives  
DoDISS: DoD Index of Specifications and Standards  
DOIM: Directorate of Information Management  
DOTRAC: Directory of Organizational Technical Report Acronym Codes  
DPI: Data Processing Installation  
DRIS: Defense Regional Interservice Support  
DRIT: Defense Retrieval and Indexing Terms  
DROLS: Defense RDT&E On-line System  
DSN: Defense Switched Network  
DSS: Defense Security Service (formerly known as Defense Investigative Service)  
DTAP: Defense Technology Area Plan  
DTIC: Defense Technical Information Center  
DURS: Defense User Registration System

EBRS: Enterprise Backup/Recovery System  
EC: Electronic Commerce  
ECAB: Electronic Current Awareness Bibliography  
EDI: Electronic Dissemination of Information  
EDMS: Electronic Document Management System  
EIS: Executive Information System  
EUC: End User Computing

FEDLINK: Federal Library and Information Network  
FFRDC: Federally-Funded Research and Development Centers  
FLICC: Federal Library and Information Center Committee  
FOIA: Freedom of Information Act  
FOIR: Freedom of Information Request  
FTP: File Transfer Protocol  
FWC: Federal WWW Consortium

GACIAC: Guidance and Control Information Analysis Center  
GAO: General Accounting Office  
GCCS: Global Command and Control System  
GILS: Government Information Locator Service  
GPRA: Government Performance and Results Act  
GRA&I: Government Reports and Announcements Index

HBCU: Historically Black Colleges and Universities  
HF: Human Factors  
HTGI: How To Get It

IAC: Information Analysis Center  
IATAC: Information Assurance Technology Analysis Center  
IG: Inspector General  
IMPAC: International Merchant Purchase Agreement Card  
INFOSEC: Information Systems Security  
IR&D: Independent Research and Development

IRIA: Infrared Information and Analysis Center  
ISP: Internet Service Provider  
ISSO: Information System Security Officer

JWSTP: Joint Warfighting Science and Technology Plan  
Top of Page

L: Limited  
LimDis: Limited Distribution  
LAN: Local Area Network

MAI: Machine-Aided Indexing  
MATRIS: Manpower and Training Research Information System  
MCTL: Militarily Critical Technologies List  
MECC: Military Education Coordination Conference Working Group  
MIPR: Military Interdepartmental Purchase Request  
MIS: Management Information System  
MLW: Military Librarians Workshop  
MORS: Military Operations Research Society  
MOU: Memorandum of Understanding  
MPTS: Manpower, Personnel, Training, Simulation  
MTIAC: Manufacturing Technology Information Analysis Center

NARDIC: Navy Acquisition, Research and Development Information Center  
NASA: National Aeronautics and Space Administration  
NATO: North Atlantic Treaty Organization  
NCS: National Communications System  
NFAIS: National Federation of Abstracting & Indexing Services  
NISO: National Information Standards Organization  
NICRAD: Navy-Industry Cooperative Research and Development  
NLM: National Library of Medicine  
NOS: Network Operating System  
NPAC: Nuclear Nonproliferation and Arms Control  
NSAREF: National Security Agency Reference Center for Scientific and Technical Information  
NTIAC: Nondestructive Testing Information Analysis Center  
NTIS: National Technical Information Service

OA: Office Automation  
ODDR&E: Office of the Director of Defense Research & Engineering  
ODUSDRE: Office of the Deputy Under Secretary of Defense, Research and Engineering  
OLTIPS: Online Technical Information Packages  
OPI: Office of Primary Interest  
OSD: Office of the Secretary of Defense  
OUSD(A&T): Office of the Under Secretary of Defense (Acquisition & Technology)  
OUSD(R&E): Office of the Under Secretary of Defense (Research & Engineering)

PCIRD: Personal Computer Independent Research and Development  
PCWUIS: Personal Computer Work Unit Information System (WUIS is now known as TEAMS--  
Technical Effort and  
Management System)  
POC: Point of Contact  
POM: Program Objective Memorandum  
PCP: Potential Contractors Program  
PSE: Principal Staff Element

QA: Quality Assurance  
QRI: Qualitative Requirements Information

R&D: Research and Development  
R&E: Research and Engineering  
R&AT: Research and Advanced Technology  
R&DPP: Research and Development Program Planning  
R&T: Research and Technology  
R&T WUIS: Research and Technology Work Unit Information System (WUIS is now known as  
Technical Effort and  
Management System)  
RA: Requirements Analysis  
RAC: Reliability Analysis Center  
RD&A: Research, Development and Acquisition  
RDDS: Research and Development Descriptive Summaries  
RDP: Report Documentation Page  
RDT&E: Research, Development, Test, and Evaluation  
RP: Request Processing  
RTIS: Remote Terminal Input System

SBIR: Small Business Innovation Research  
SDI: Strategic Defense Initiative  
SF: Standard Form  
SITIS: SBIR Interactive Technical Information System  
SIPRNET: Secure Internet Protocol Router Network  
SLA: Special Libraries Association  
STI: Scientific and Technical Information  
STILAS: Scientific and Technical Information Library Automation System  
STINET: Scientific and Technical Information Network  
STINFO: Scientific and Technical Information  
STINT: Scientific and Technical Information Transfer  
STIP: Scientific and Technical Information Program  
SURVIAC: Survivability/Vulnerability Information Analysis Center

T&E: Test and Evaluation  
TEAMS: Technical Effort and Management System (TEAMS) (formerly Work Unit Information  
System (WUIS))  
TCC: Telecommunications Control Center  
TCF: Technical Control Facility  
TILO: Technical Industrial Liaison Office (Army)  
TIP: Technical Information Pilot

TR: Technical Report  
TRAIL: Technical Report Awareness Internet Links  
TR CD-ROM: Technical Report Bibliographic Database (TR) on CD-ROM  
TRGUI: Technical Reports Graphical User Interface

U2: Unclassified, Unlimited Distribution  
URI: University Research Initiative  
URS: University Research Support  
USD(A&T): Under Secretary of Defense (Acquisition and Technology)

WAIS: Wide Area Information Server  
WAN: Wide Area Network  
WBT: Web-Based Training  
WINS: Work Unit Input System ("Work Unit" is now known as "Technical Effort")  
WUIS: Work Unit Information System (now known as Technical Effort and Management System (TEAMS))  
WWW: World Wide Web
