## $Fileware^{TM} 3.x/w6$

File & Document Management,
Personal Information Management,
and Macro Power Utilities for

## Microsoft® Word for Windows™

## Program Un-Installer

Copyright © Total System Solutions, Inc. 1992-94 All Rights Reserved.

Use this utility to un-install *Fileware* 3.x/w6. It will remove all the program's macro libraries. It will not delete the DLL's from the WINDOWS/SYSTEM sub-directory because other applications might need them. All together, these files are only 95 K total size. If you still wish to remove them yourself, they are: fwdlg.dll, metzx.dll, tss2.dll.
