

Vacation Dreamer

License Agreement And Limited Warranty

The Vacation Dreamer software is protected by both United States copyright law and international copyright treaty provisions. Therefore, you must treat this software just like a book, except that you may copy it onto a computer to be used and you may make archival copies of the software for the sole purpose of backing-up our software and protecting your investment from loss.

By saying "just like a book," we mean, for example, that this software may be used by any number of people and may be freely moved from one computer location to another, so long as there is no possibility of it being used at one location while it's being used at another or on a computer network by more than one user at one location. Just like a book can't be read by two different people in two different places at the same time, neither can the software be used by two different people in two different places at the same time without violating Northwest Digital Software's copyright.

All the information contained in this software is subject to change without notice. Pricing for all attractions, hotels, resorts, cruises and other similar items are estimates based on standard published prices in effect at time of creation. Discount and special prices are often available from your travel specialist. Contact your travel specialist for exact prices when you are ready to book your vacation.

Explanation of Copyright Law Provisions

You may not download or transmit the software electronically (either by disk duplication, direct connection, or telecommunication transmission) from one computer to another, except for your personal use on a computer network. You may transfer all of your rights to use the software to another person, provided that you transfer to that person (or destroy) all of the software, diskettes, and documentation provided in this package, together with all copies, tangible and intangible, including copies in RAM or installed on a disk, as well as all backup copies. Remember, once you transfer the software, it may only be used at the single location to which it is transferred and, of course, only in accordance with the copyright laws and international treaty provisions.

Except as already stated, you may not otherwise transfer, rent, lease, sub-license, time-share, or lend the software, diskettes, or documentation. Your use of the software is limited to acts that are essential steps in the use of the software on your computer or computer network as described in the documentation. You may not otherwise modify, alter, adapt, merge, decompile, or reverse-engineer the software, and you may not remove or obscure Northwest Digital Software's copyright or trademark notices. Portions of this software may be subject to U.S. and international patents.

Limited Warranty

Northwest Digital Software, Inc. ("Northwest Digital") warrants the physical diskette(s) and physical documentation enclosed herein to be free of defects in materials and workmanship for a period of sixty days from the purchase date. If Northwest Digital receives notification within the warranty period of defects in materials or workmanship, and such notification is determined by Northwest Digital to be correct, Northwest Digital will replace the defective diskette(s) or documentation. **DO NOT RETURN ANY PRODUCT UNTIL YOU HAVE CALLED THE CUSTOMER SERVICE DEPARTMENT AND OBTAINED A RETURN AUTHORIZATION NUMBER.**

The entire and exclusive liability and remedy for breach of this Limited Warranty shall be limited to replacement of defective diskette(s) or documentation and shall not include or extend to any claim for or right to recover any other damages, including, but not limited to, loss of profit, data, or use of the software, or special, incidental, or consequential damages or other similar claims, even if Northwest Digital has been specifically advised of the possibility of such damages. In no event will Northwest Digital's liability for any damages to you or any other person ever exceed the lower of suggested list price or actual price paid for the license to use the software, regardless of any form of the claim.

NORTHWEST DIGITAL SOFTWARE, INC. SPECIFICALLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Specifically, Northwest Digital makes no representation or warranty that the software is fit for any particular purpose and any implied warranty of merchantability is limited to the sixty-day duration of the Limited Warranty covering the physical diskette(s) and physical documentation only (and not the software) and is otherwise expressly and specifically disclaimed.

This limited warranty gives you specific legal rights; you may have others that vary from state to state. Some states do not allow the exclusion of incidental or consequential damages, or the limitation on how long an implied warranty lasts, so some of the above may not apply to you.

General Provisions

This License Agreement shall be construed, interpreted, and governed by the laws of the State of Washington. If any provision of this Agreement is found void or unenforceable, it will not effect the validity of the balance of this Agreement, which shall remain valid and enforceable according to its terms. If any remedy provided is determined to have failed its essential purpose, all limitations of liability and exclusions of damages set forth in the Limited Warranty shall remain in full force and effect. This Agreement is a legally binding contract between you and Northwest Digital and may only be modified in writing signed by you and an authorized officer of Northwest Digital. Use, duplication, or disclosure by the U.S. Government of the computer software and documentation in this package shall be subject to rights applicable to commercial computer software (under DFARS 52.227-7013). All rights not specifically granted in this statement are reserved for Northwest Digital.
