

How to boost your participation level to **1000 Supreme Being**

- 1. Place a file in your shared folder that is very large I recommend larger than 800 megs
-
- 2. Turn file sharing on and sharing to unlimited
-
- 3. Now you have to Download the large file from yourself
-
- 4. To Download the large file from yourself you have to open your web browser and use this URL <http://127.0.0.1:1214/> it shows your shared files... find your large file and click on it and save it to disc... I usually just overwrite it in the shared folder...
-
- 5. Now you may have to do this a couple times to get your Participation to RISE to 10000 !!!!!!!!!!!!!
-
- Don't worry the d/l goes fast.. like 1000kb
