ITU-T RECOMMENDATION SUMMARY

Rec. No. : D.116	Title : Charging and accounting principles relating to the home country direct telephone service	
Study Group : III - Tariff and Accounting Principles		
Version : New	Date of adoption : 1992	Notes :

Recommendation D.116 provides charging and accounting principles for the provision of direct access to an operator in the country of destination (Home Country Direct service).

The service shall be charged:

- on the basis of the service used by the calling user (credit card, reversed charging);
- according to the home country direct tariffs in effect in the country of destination.

Recommendation D.116 also provides accounting principles (accounting rates and procedures).

To order the complete text of this Recommendation, please use the Order Form for ITU-T Recommendations. An electronic version of this form is available on ITUDOC (Winword: UPI=ITU-5265; ASCII: UPI=ITU-2488).
