

# LTSN Centre for Bioscience Learning and Teaching Development Fund

## Web Based Formative Assessment

Dr Ray Harper

Department of Sport,  
Exercise &  
Biomedical Sciences  
University of Luton

e - mail:

ray.harper@luton.ac.uk

### Project aims

- to enable the easy & rapid construction of formative tests
- to provide built-in help facilities
- to make the delivery of tests platform independent
- to enable the delivery of tests through a variety of media

### Project outcomes

WebOL Lite Version 1

Easy, rapid construction of questions & assessments

Delivery through web pages via internet, intranet, CD-ROM & other removable media

Support with help, tutorials & demonstrations
