

TSN Centre for Bioscience Teaching Development Fund

Web-Based Formative Assessment with Question & Test Interoperability

Dr Ray Harper
Department of Sport, Exercise
&
Biomedical Sciences
University of Luton
e - mail:
ray.harper@luton.ac.uk

Project aims

- to allow WebOL to be compatible with other assessment software
- to convert WebOL questions into the XML-based IMS QTI specification
- to allow compatible IMS QTI XML questions to load into WebOL Lite

Project outcomes

- WebOL Lite Version 2
- Questions can be saved to and loaded from the QTI xml format

Further details about the project are available from
<http://www.bioscience.heacademy.ac.uk/projects/tdf/harper.htm>
