

Effective Learning in the Biosciences

2011

Equipping students for the 21st Century

**An international conference organised by the
UK Centre for Bioscience**

30 June & 1 July 2011, Edinburgh, UK

Conference Outline

This international conference will provide a platform to consider how we nurture and inspire all bioscience students to realise their full potential, and will:

- showcase and disseminate evidence informed practice in the biosciences from the UK and overseas;
- explore how we can most effectively engage bioscience students to maximise their learning and achievement; and
- provide networking and professional development opportunities for participants.

Call for Contributions

We invite offers of Short Presentations (15 minutes), Interactive Presentations (30 minutes), Workshops (60 minutes) and Posters. Offers of contributions must be submitted on the conference abstract submission form by email to bioconf@leeds.ac.uk by **Wednesday 19th January 2011**. Please refer to the conference website for full details.

Registration now open

We are now taking bookings for the Conference. Places are limited to 120 so please book early to avoid disappointment. Lead presenter, early bird rate & students: £200 (until 1st April 2011). Full delegate rate: £255 for bookings from 2 April - 10 June 2011. We look forward to seeing you in Edinburgh!
