

EDUCATION

E1 Teaching Technology Posters

Organised by Jeremy Pritchard and Sarah Blackford

If you are engaged in using innovative and interesting technology in your teaching, or are researching new methodologies and techniques you will have the opportunity to present them as a poster presentation during the SEB meeting.

Please submit your titles using the on-line submission form at <http://www.sebiology.org/meetings/posters/submit.asp>. Space is limited to 28 posters so we will accept submissions on a first come, first served basis.

If you would also like your poster to appear on the Higher Education Academy Centre's website or would like more information contact Sarah Blackford (s.blackford@lancaster.ac.uk).

Closing date: 22 November 2004

Postgraduate Competition

Sponsored by the Higher Education Academy Centre for Bioscience and SEB

We are offering two prizes (worth up to £250 to cover registration fees, travel etc to the Barcelona Meeting) to the best outreach teaching activities being carried out by a Postgraduate student. This may include activities in schools, in the local community, within the university or institution, as well as web pages and other publications.

Submissions should be made to Sarah Blackford (s.blackford@lancaster.ac.uk) in the form of an abstract (min words: 500; max: 1000). This should include: poster title, your name, institution and email address, details of the target audience, aims, methods/activities undertaken, outcomes and references (if appropriate). Interesting anecdotal details as well as more formal results are welcomed. Supporting images, diagrams and illustrative material may also be included. If the activity was sponsored or undertaken as part of a national scheme or project, please give details.

The abstracts will be judged by the SEB and the Higher Education Academy Centre for Bioscience and the two winners will be invited to present their activities in the form of a poster at the SEB meeting.

All entrants will have the opportunity to present their activities on the Centre's website (subject to approval by the Centre).

CLOSING DATE FOR ENTRIES: 31 January 2005
