

The Scout Oath Game

The object of this game is to "catch" all the words of the Scout Oath. The words appear on the screen four at a time. The correct order of the words is displayed on the left-hand column. You must try to catch the word at the top of the column. When the word at the top of the column is caught, the other three words move up and a new word is added to the column.

To "catch" a word, try to put the mouse cursor on the word as it moves around on the main part of the screen. Then click the left mouse button. If you catch the word a message box is displayed letting you know which word was caught. Click on the OK button on the message box to continue.

When you have caught the entire Scout Oath, a message is displayed and if you are quick enough, you can add your name to the top ten list.

If you get tired and want to quit, clicking the right mouse button will terminate the game.
