

The Scout Law Game

The Objective of this game is to reorganize the elements of the Scout Law in proper order. The words of the Scout Law are displayed on the right of the screen in random order.

To play the game, select the word that you think should come next in the scout law by clicking on it with the mouse. Next click the OK button. If your selection is correct, the word will jump to the left-hand column. If you are wrong, a message will be displayed in a message box. Click on OK in the message box and you can continue.

At the end of the game you are congratulated and the number of wrong guesses is displayed. Planned **Future** versions will print a certificate when the scout can do the whole list with no wrong guesses.
