

# LAW ENFORCEMENT INTERNET HOTLIST

This is a collection of internet resources that have been assembled for use by Minnesota law enforcement. They are not all necessarily working all the time and I have not checked every URL. Addresses change and new ones are being added, deleted and discovered on a daily basis. Many of these sites have links to other good pages that are not on this list. Feel free to distribute copies of this to anyone who might care to have them. If you have additions, subtractions or evaluations of this list and/or wish to have updated versions distributed to you, please send your contributions and your e-mail address to me at: [jeff.janacek@state.mn.us](mailto:jeff.janacek@state.mn.us)
