

Free Amir Now!

What is Yigal Amir still doing in jail? He's the young religious Jew who shot a man he was convinced was collaborating with sworn enemies to destroy the Jewish State. Yitzhak Rabin, Shimon Peres, Yossi Beilin, and others, had ILLEGALLY met with the bloody PLO behind Israel's back. Such an unholy trinity had no mandate from the Jewish people to treacherously undermine Israel's security and sell-out to a terrorist organization! We have only seen an increase in terror and brazen demands by Yasser Arafat and his henchmen since the suicidal "peace" pact was hatched from hell.

Rabin had a glorious military past, but undermined it all in the end by surrendering to leftist visions of peace conjured up by that false prophet, Shimon Peres. (Whose name is appropriate: vulture!).

Rabin declared the dream of greater Israel was dead - it is Rabin who is dead. The dream of greater (Biblical) Israel lives on and will be fulfilled!

Perhaps emphasize how wrong what Rabin and his rabid rabinites did, rather than stress Amir's innocence. You can accomplish both while only saying the former, prudently.
