

# Did GOD DECREE RABIN'S DEATH?

by David Ben-Ariel

Will history vindicate Yigal Amir? He's the young religious Jew who shot a man he was convinced was collaborating with sworn enemies to destroy the Jewish State (Numbers 25:11). Israel's Shamgar Commission recently acknowledged that he was goaded by Avishai Raviv, an *agent provocateur*. It appears the former leftist government's plot to tarnish the image of their political opposition backfired. They dug their own grave! (Ps. 7:15).

Yitzhak Rabin, Shimon Peres, Yossi Beilin, and others, had ILLEGALLY met with the bloody PLO *behind Israel's back*. Such an unholy trinity had no mandate from the Jewish people to treacherously undermine Israel's security and sell-out to a terrorist organization! We have only seen an increase in terror and brazen demands by Yasser Arafat and his henchmen since the suicidal "peace" pact was hatched from hell (Isa. 28:15).

Why does President Clinton continue to support terrorism? With friends like him who needs enemies? Doesn't he ever read that Bible he's seen carrying around on Sundays? It's the Promised Land of Israel - *not* Ishmael or Palestine!

Many Israelis understand that their so-called "peace partners" are intent on wringing out as many concessions as possible before *the next war*. Whose name will the people curse then - Amir or Rabin? Why can't we freely discuss this in Israel - the Middle East's "only democracy" - without fear of arrest and interrogation?

I was in a Jerusalem cafe with friends when we heard Rabin had been shot. I actually met him years ago in Israel's Parliament. Rabin had a glorious military past, but undermined it all by surrendering to *lying visions* of peace conjured up by that false prophet and international socialist, Shimon Peres (Deut. 13:5; Dan. 11:14).

Rabin was rabid against the religious community (Ps. 31:18). He even had the chutzpah to declare that the dream of greater Israel was dead! (Gen. 15:18). However, it is Rabin who is dead (Ps. 2:10; Jude 15). Thankfully, THE DREAM LIVES ON and *will be fulfilled!*
