

Erasing a Corrupted PCMCIA Card

Article Created: 3 November 1993

TOPIC -----

This article discusses how to erase a corrupted PCMCIA card.

DISCUSSION -----

If you have a corrupted PCMCIA card that your Newton MessagePad that won't recognize follow these steps:

- 1) Remove the PCMCIA card from your MessagePad and restart the MessagePad.
- 2) Tap the Extras button, then tap Prefs.
- 3) Insert the corrupted PCMCIA card into your MessagePad. A dialog will appear which asks if you want to erase your card. Tap Yes.

Your card should now work correctly.
