Acey Deucy for Windows
Carl Franklin
197 Drake Ave #5J
New Rochelle, NY 10805

This program requires Microsoft Windows 3.0
and the Visual Basic runtime DLL.

To Play:

Click the DEAL button. You will be dealt two cards. If you think
the next card will fall between them, set your bet amount by either
clicking "Raise $10" or "Lower $10", or by clicking the BET field
and entering a direct amount. To accept the next card, click the
"BET" button. To get 2 new cards (and lose $10) click the "DEAL"
button. If you want to bet what is in the pot, then click the
"BET POT" button. Your result will be displayed.

If the next card is between the two cards, you win your bet.
If the next card is outside the two dealt cards, you pay your bet.
If the next card is the SAME as one of the two, you MATCH and pay
   DOUBLE what you bet.

Buttons:

QUIT: Quits program.
Change Back: Changes the card back design.
   Lower $10:   Decrease your bet by 10 bucks.
   Raise $10   Increase your bet by 10 bucks.
   DEAL: Deal 2 new cards (lose $10 ante).
   BET: Accept next card (betting your bet amount).
   BET POT: Accept the next card (betting the Pot).

Fields:

   POT: Displays the "pot" or "kitty."
   STASH: Displays your current funds.
   BET: Displays your current bet amount.
                   (You can click on this field to enter in a new
                    amount).
