**God is closer than
you think.
See for yourself.**

We all share a need to see the constant awareness of the presence of God. We know He's there, 24-hours a day, seven days a week, but we sometimes have difficulty seeing Him. We get busy at work, distracted around the house, and we miss wonderful opportunities to be with Him.

That's going to change, and beginning soon we're going to learn how to see God at work in our lives. We're going to learn together, in a six-week campaign based on a wonderful book, *God Is Closer Than You Think*, by John Ortberg.

I urge you to participate completely in this exciting campaign. This remarkable book, this amazing opportunity to learn to see God, will be the focus of my teaching for six consecutive weeks and will drive large and small group discussions. Invite your friends, neighbors and coworkers to get involved, too!
