God Is Closer Than You Think

John Ortberg's newest book, *God is Closer Than You Think*, will be the focus of my teaching for six consecutive weeks and will drive our small group discussions. I urge you to participate in this exciting event. Bring friends, neighbors and co-workers and learn how to see the amazing presence of God in even the smallest details of everyday life.

Customize your postcard for maximum impact

You can choose to print the materials as they are, or customize them with your text information. Use a vendor like Kinko's or Sir Speedy, or print and customize the PDF templates on your own.

To add your custom information, you will need Adobe Acrobat, version 4.0 or higher.

To add your information:

1. Open the file Postcard.pdf using Adobe Acrobat.
2. Using the text edit tool, select the text "Insert text here". You also have the option of deleting this field completely so that the piece has no customization at all.
3. Begin typing in your store's information.
 - Note:** You are limited to a maximum of 3 lines of text here.
 - Suggestion:** use the vertical slash "|" as a design element to separate each information component.
 - Example:** Parent Discussion | April 2, 2004 | Miller Auditorium
4. Print both sides of your customized postcard in color, on Letter-sized (8.5" x 11") heavy stock paper. Then trim. Document is created so that two postcards fit on a single page.

If you have questions

Most Kinko's, Sir Speedy, and other printing vendors have in-store support to help you print your files, and can actually customize the files for you. You can also use Adobe technical support at: <http://www.adobe.com/support/products/acrobat.html>

Bulletin insert production specifications
