FullName~, Callsign~

Address1~

Address2~

Dear FirstName~,

Thank you for attending the Nashua Area Radio Club sponsored examination held on LastSession~.

Congratulations on passing your NewClass Class exams! We sincerely hope you enjoy your new license

privileges. With your current license and the original of the CSCE issued to you, you may immediately begin

operating with your newly earned privileges. While operating in those portions of the amateur bands

authorized by the CSCE you must identify with the suffix . You do not need to use this suffix if you operate in

those portions of the band that you could already use.

You are currently waiting to receive one or more Amateur Radio Licenses to be issued by the FCC as a result of

successful applications from earlier test sessions. Your upgrade application from this session cannot be

forwarded to the FCC until your earlier application(s) have been processed by the FCC. Your application from

the LastSession session will be sent to the ARRL/VEC who will hold it until you provide them with a copy of

your most recent application. When your EffectiveClass license arrives, sign it, make a photocopy of the

signed license and mail or FAX the copy to:

ARRL/VEC
225 Main Street
Newington, CT 06111
FAX:(203)665-7531

Until this is done, your application for the NewClass license cannot be sent to the FCC.

Our next examination is scheduled for NextSession, in Nashua, NH at 9:00 AM. We will hopefully be holding

it at the First Church of Nashua on the corner of Main, Amherst, and Concord Streets.

These exams will be for

all classes of amateur licenses.

If you would like to participate in this next session, please remember to bring with you:

- 1) A Photo ID, or two non-photo ID's
- 2) The original AND a copy of your license and any CSCE's that you are claiming for credit.
- 3) The 1995 test session fee of \$5.90.

You should also verify, no later than RSVPdate, that the examination is still on NextSession. If you need a new

FCC Form 610, or have any questions about the exams, please contact me.

Finally, if you have any ideas as to how we might better conduct our volunteer exams, or find any exams that

should be added to the KY1N Memorial list (maintained by Chick Hunt, KC10X) please send these to me at

the above address, or via packet radio (WW1Y-1 on 144.970, or WW1Y @ KB4N.NH on

145.05). I can also
be reached via internet at heedles@ww1y.mv.com.

73,
Jim Heedles, WW1Y
