

How to Register UltraPak

If you have enjoyed using UltraPak, you will want to register as a user.

On registration you will receive the following :

- i) A registration number and a key, which, when entered into the program, unlock it and remove the Registration window at the start of the program
- ii) Access to written or E-mail support (on upak@cirrus.demon.co.uk). Note that telephone support is **NOT** available.

Registering UltraPak costs 20 pounds sterling. Send a cheque (drawn on a U.K. bank), postal order, money order or cash (registered mail) to :

**T. D. Kearsley G4WFT,
13 Newman Street,
Higham Ferrers,
RUSHDEN
Northants, NN10 8JP
England.**

N.B. If sending cash, you *must* use registered mail

The distribution contains a file called REGFORM.TXT. It would be useful to print that file and use that as your order form for registration. If you don't use the form, please remember to include **your own name, full address and callsign. You cannot register without a callsign!**

Remember to keep your registration number and key safely, as if your ULTRAPAK.INI file becomes corrupt for any reason, you will need to re-enter them. Also, you will need to quote your registration number to receive support.

While your order will be dealt with as soon as possible, you should allow 14 days for delivery.
