**** Technotes:123 v4.x for Windows

2440866.WND	1k	Selecting a Default Printer in 123 for Windows
2590565.WND	1k	Error: "Too Many Open Files" When Opening More Than 16 Files
4761093.WND	2k	Excel File Formats 123W 1.X and 123W 4.0 Can Read
5921214.WND	1k	Starting Page Number in 123W 1.X Footer is Incorrect
7560671.WND	3k	What is @FVAL
7740877.WND	4k	OLE: Embedding Objects in 123W 4.0
7800941.WND	2k	Edit Commands and New Corresponding Keyboard Commands
7810999.WND	2k	How New Keyboard Shortcuts Effect 123W 4.0 Macros
7921249.WND	1k	ATM Version 2.5 Ships With 123W 4.0
7921254.WND	4k	Changing The Default Font; Only One Point Size Available
7921264.WND	1k	Style Worksheet Default Does Not Change 123W 4.0 Font Settin
7940910.WND	1k	System Requirements for 123 Release 4 for Windows
7960824.WND	3k	Updating All DDE/OLE Links at One Time in 123W
7960987.WND	2k	Transcript Window in 123W 4.0 Does Not Record Passwords
7961008.WND	3k	Macro Transcript Character Limit
7970990.WND	2k	No Support for Monochrome Display Adapters in 123W 4.0
7990708.WND	2k	Function Key Macros That Require Two Enter Commands in 123W
8040554.WND	5k	Macro Commands Compatible in 123R4W and 123 for Macintosh
8040685.WND	2k	Which 123W 4.0 Macros Are Not Recorded in Transcript?
8040773.WND	5k	Do 123W 4.0 Macros Run in 123 for Macintosh?
8041094.WND	3k	Using Collections in 123W 4.0 Macros
8050784.WND	2k	Configuration and Limits for DDE Macro Timeout Settings
8081026.WND	2k	SmartPak Menu Commands in 123W 4.0
8090982.WND	2k	123W 4.0's Default Font; Only One Point Size Available
8100674.WND	2k	Changing the 123W 4.0 User Name in a Macro
8110769.WND	2k	Cannot Copy or Paste 123W 4.0 Designer Frames
8131167.WND	2k	Using SmartIcons in the 123W Transcript Window
8170796.WND	4k	Fill-by-Example: Creating Custom Sequences
8190869.WND	5k	Installing 123W 4.0 Over 123W 1.X And Additional Information
8190880.WND	1k	123W 4.0 Guided Tour: Information and Requirements
8250425.WND	13k	Excel Information 123W 4.0 Translates Into .WK4 Files
8280736.WND	1k	Translating Excel Files Generated by Quattro Pro for Windows
8280938.WND	3k	Using the Function @DDELINK in 123 Release 4 for Windows
8310770.WND	2k	DDE Format Line Indicator Available in 123W 4.0
8351001.WND	1k	Opening Source Application OLE Link Status Remains Inactive
8390587.WND	1k	Centering a Draw Layer Objects Like Graphs on a Printed Page
8390631.WND	1k	Print Preview of Rotated Text is Slow in 123W 4.0
8390635.WND	1k	Printing Multiple Copies from 123W 4.0 Compared to 123W 1.X
8420658.WND	2k	OLE Objects Change Size After Changing Update Mode
8460568.WND	2k	How to Change a Range Name for Chronicle
8460864.WND	2k	Character Map Symbol Differs in 123W 4.0 Control Panel
8461024.WND	16k	The New @Functions in 123 Release 4 for Windows
8470585.WND	1k	Selecting Right Mouse Button Twice Deletes Object
8480525.WND	1k	How to Tell the Difference between DDE and OLE Links
8531063.WND	2k	"Cannot Find L1WRT.DLL" Running Proofreader in 123W 4.0
8540876.WND	2k	Opening an Excel File Containing Data Below Row 8192
8550763.WND	5k	Absolute and Relative Ranges in 123W 4.0 Macros
8560696.WND	2k	Using Macros Translated for 123W 4.0 in 123W 1.X
8560703.WND	2k	Which Macros Will the Macro Translator Avoid Translating
8561150.WND	2k	123W 4.0 Doesn't Change Background of Embedded FLW Object
8580992.WND	3k	@DPURECOUNT Generates an ERR When Criteria Range is a Formul
8581019.WND	2k	@DCOUNT Counts Zeros and Labels
8581036.WND	1k	@WORKDAY Description Truncated in the @Function Selector
8581048.WND	2k	The New Criteria Argument in 123W 4.0 Database @Functions
8591056.WND	2k	Argument Separator Not Changing in Transcript Window
8601026.WND	2k	What is the UIMACROS.WK4 file in 123W 4.0?

8601045.WND 4k Selecting Ranges and Draw Layer Objects in 123W 4.0 Macros
8610633.WND 3k Translating SmartIcons For Use in 123W 4.0
8621132.WND 5k Graph Draw Menu Command Equivalents: 123W 4.0 and 123W 1.X
8680407.WND 2k General Information About the Macro Translator and 123W 4.0
8690684.WND 3k What is the new Draw Layer in 123 Release 4 for Windows
8700585.WND 4k Sizing Charts; Circles, Squares and Draw Layer Objects
8760942.WND 2k No Notes Servers Listed When Saving an .NSF File
8760956.WND 2k Mail Folder Not Found Attempting to Send Mail
8820600.WND 3k Error: 123 for Windows Could Not Be Found Using Dialog Edito
8890537.WND 2k What is the Auto Demo Disk for 123 Release 4?
8900758.WND 2k 123W 4.0 Transcript Does Not Record {STYLE-GALLERY}
8950946.WND 3k SmartIcon Returns Macro Command Language in Cell

**** Technotes:123 v1.x for Windows

2231135.WND 3k Labels Are Truncated When Printing from the 123 Classic Menu
2240869.WND 4k Using CTRL-PGUP and CTRL-PGDN with 123 for Windows
2250664.WND 2k Using the Internal Scalable Fonts on the HP LaserJet III
2250677.WND 3k Installing the Updated Windows HP LaserJet III Printer Drive
2290872.WND 1k Setting the Data Parse Output Range
2290874.WND 3k Using Multiple Input Ranges in Database Operations
2290875.WND 1k Editing the Data Parse Format Line
2290883.WND 2k Asterisks Appear When Selecting Small Point Sizes
2320947.WND 3k How to Print a Full Page Graph
2321153.WND 1k How to Add a Blank Graph to the Worksheet
2321176.WND 2k How to Add a Graph or Bitmapped Image to the Worksheet
2321260.WND 2k Linking Graph Ranges Between Files
2331335.WND 1k Cannot Move a Selected Object Without a Mouse
2340874.WND 2k How to Establish a Link With 123W As The Client
2360483.WND 1k Default File Specifications for 123 for Windows
2360486.WND 1k Mapping of LIMBCS Characters in 123 for Windows
2361069.WND 3k What Happens In 123W When ATM is Not Installed
2370975.WND 2k What is Dynamic Data Exchange?
2381212.WND 2k "System Error Cannot Read from Drive A:" Installing Driver
2390528.WND 3k Poor Print Quality of Arial Font After Installing 123W
2390559.WND 2k What Are SmartIcons in 123W, and How Are They Used
2391142.WND 1k Tools SmartIcons Referred to Incorrectly in Documentation
2400724.WND 2k What Does Free Memory under Help About Program Manager Mean?
2400738.WND 2k What is Windows Discardable Memory?
2441018.WND 2k How Does the Adobe Type Manager Work?
2441274.WND 4k ATM Prints Jagged or Unclear Fonts on HP Printers
2460614.WND 2k Will 123 for Windows Work With HP New Wave 3.0?
2481000.WND 2k "External database driver-specific error" with dBase IV
2481007.WND 3k ERR Returned by @D Functions when Using dBase IV Driver.
2511055.WND 2k "Insert Windows Disk 5 or a Disk with Updated HPPCL.HLP."
2511113.WND 3k Creating an Encoded File in 123 for Windows
2520857.WND 1k Error : "Cannot Read Disk" When Installing 123 for Windows
2520877.WND 4k What is the 123 for Windows Printer Driver Disk?
2521108.WND 1k 123 for Windows Install Program Hangs
2521227.WND 2k Error: "Unable to Access Output Device"
2541108.WND 1k Monochrome Graphs with a Color Monitor
2541415.WND 3k Using SQL Select Statements with the SQL Server Driver
2551141.WND 1k No Overstrike Mode When Editing a Cell in 123 for Windows
2561089.WND 3k Troubleshooting SQL Server Connection Problems
2580658.WND 2k 123 for Windows Does Not Print in Color to an HP Paintjet XL
2580844.WND 4k Definition of Windows System Resources and Configuration Tip
2590837.WND 2k Error: "Cannot Load 123W.INI File"
2610541.WND 1k Making the Cursor Solid in 123 for Windows
2610846.WND 4k Location of the Temp SwapFile Affects 123's Performance
2621300.WND 6k Minimum Memory Requirements for 123 for Windows 1.0 and 1.0a

2651026.WND 6k Improving the Print Speed for Lotus Windows Applications
2660515.WND 2k Specifying a Range Off Screen with the Mouse
2660651.WND 6k Optimizing Performance of Windows and Lotus Windows Apps
2660847.WND 2k BIG LEFT and BIG RIGHT Keyboard Commands do not Work
2660879.WND 2k SynonymPSBegin Value does not Seem to Work
2660922.WND 1k Printing Color to a PostScript Device
2660989.WND 11k What To Do When an "Unrecoverable Application Error" Occurs
2661054.WND 7k "ATM Fonts and Postscript Printer Fonts Don't Match On XXX"
2700639.WND 2k "Cannot Find c:\123W\123.EXE" Using 123W Launch SmartIcon
2720946.WND 2k Compressed Print Using the 123 Classic Menu
2721310.WND 2k UAE When Retrieving .WK1 Files
2730744.WND 2k Using Wysiwyg Formatting Sequences in 123W
2730978.WND 2k Maximizing the Untitled Worksheet in 123 for Windows
2761003.WND 2k Light and Dark Shading Incorrect on Canon LBP-8II
2800838.WND 3k Macro Transcript Problems With 123W 1.0
2800869.WND 2k Setting Titles in Draft Mode Erases Column Headings
2800896.WND 2k Deleting a Row in Group Mode Does not Appear to Work
2800921.WND 1k Documentation Error Regarding Printing Footers
2801080.WND 2k Extra Shading Caused by Dialog Box or Icon Palette
2801092.WND 2k Clicking on Sheet Ends Edit Mode
2801106.WND 2k SmartIcons Not Working Properly in Group Mode
2801144.WND 3k Edit Clear Affects Screen Display
2801244.WND 2k Screen Flickers While in Draft Mode
2801273.WND 3k Problem After Using Macro {GOTO} and Worksheet Titles
2801297.WND 2k UAE Error Occurs When Retrieving A File With Worksheet Title
2801303.WND 2k Column Widths do not Read Correctly from Some 123 3.1 Files
2820866.WND 3k Error: "Not Enough Memory to Run 123 for Windows"
2820913.WND 2k UAE Error Occurs When Closing One of Several Open Files
2821004.WND 2k Right Aligned Labels Truncate When Printing or Previewing
2821045.WND 3k UAE During Edit Link Options Create with Norton Desktop on P
2821070.WND 3k Problems Reading Allways Formats
2821100.WND 3k Opening Excel files in 123 for Windows
2821260.WND 2k Screen Refresh Issues With Page Breaks and Print Range
2821281.WND 2k Worksheets Display After They Are Removed In Perspective Mod
2821306.WND 3k Duplicate Columns or Rows After Screen Redraws in 123W
2821343.WND 2k UAE When Undoing an Insertion of a Sheet
2830726.WND 2k Data Overwrites Frame of Sheet in Perspective Mode
2830801.WND 2k Legends for 3D Line Charts are Lines not Boxes
2830825.WND 2k Print Orientation Reversed in 123 3.1 from 123 for Windows
2830845.WND 3k Error Message: "Error Creating Temporary Directory"
2830850.WND 2k Printer Driver Disk is not Used in Update Kit Install
2830864.WND 4k 123/W Install Program and Norton Desktop for Windows
2830878.WND 3k "Specify the color of drop shadows" Prompt Incorrectly Liste
2831272.WND 3k Edit Clear Menu Option Modified in 123 for Windows 1.1, 1.0a
2840691.WND 1k "Error Loading Driver File: Country"
2841357.WND 2k Changes in International Settings Dialog Box not Displayed
2841399.WND 3k X Axis Indicator Overwrites Table of Values
2850003.WND 3k Scroll Boxes and Scroll Bars do not Function Properly
2851298.WND 3k "Too many records for output range" Error Wrongly Displayed
2851326.WND 2k Strange Cursor After Data Query Find
2851352.WND 3k Display Bitmap or Display Picture, Yields Unexpected Results
2851423.WND 1k Printing Multiple Copies from 123 for Windows
2870577.WND 14k The READ.ME File in 123 for Windows Update Kit
2870876.WND 2k HP LaserJet IIP Goes Off-line When Printing Manual Feed
2880729.WND 1k Print Borders Cannot Include Protected Cells
2900746.WND 3k UAE Occurs When a Standard 123 Error Should be Displayed
2901089.WND 2k Page Setup does not Affect Orientation of Printed Page
2921011.WND 2k 3D Charts Plot in One Color
2921062.WND 2k Portrait Orientation Unavailable for Wide Carriage Printers
2930825.WND 2k Documentation Error Regarding Using [F9] CALC to Update Link

2940806.WND 3k How to Change the Color of a Graph Added to the Worksheet
2991121.WND 2k Two Periods Option not Visible on Novell Drives
3011051.WND 1k Printing Cell-Formulas in 123 for Windows
3051132.WND 2k Assigning Hatch Patterns to Slices of a Pie Chart
3340972.WND 3k Text Doesn't Preview or Print in 123W or FLW
3420800.WND 2k SmartIcon Palette is Not Displayed
3440900.WND 3k Lotus Windows Products are Mail Enabled
3440932.WND 3k Send Mail Option is not Displayed
3441005.WND 3k Sending Mail Via a Macro
3441070.WND 2k Send Mail Command does not Ask Whether to Save the Letter
3441078.WND 2k No Help Available for Send Mail Feature in 123 for Windows
3441091.WND 2k "Cannot find Error when File Send Mail is Selected
3450559.WND 2k Right Mouse Button does not Indicate SmartIcon Description
3521073.WND 3k How to Create EPS Files in Microsoft Windows 3.0
3550726.WND 1k The Style Border Command
3590896.WND 1k "Problem Occurred While Transferring Serial Number File"
3661014.WND 3k Effect of Different Column Widths In 123W 1.0 Verses 1.0a
3830757.WND 3k Information About Reverse Printing in 123W
3940787.WND 4k Information on Super VGA Cards and Lotus Windows Apps
3970846.WND 11k Tips on Using 123
3970850.WND 6k Tips on Using String Concatenation
3970877.WND 6k Tips on Using Functions
3970882.WND 8k Tips on Using Macros
3970890.WND 7k Tips On Using @DATE Formulas
4000970.WND 1k Virus Warning During Install
4550650.WND 2k Sideways or Landscape Printing in 123 3.1 With Wysiwyg
4551138.WND 4k Error: "General Protection Fault" When Printing in 123 3.1
4551304.WND 2k Wysiwyg's Automatic Print Compression in 123 3.1
4551305.WND 1k Retrieving Allways Files into Wysiwyg Changes Screen
4551306.WND 1k Mouse Arrows Not Visible in Wysiwyg
4551307.WND 1k Hercules (80 x 25) Does Not Display Wysiwyg in Graphics Mode
4551308.WND 3k Display Drivers in 123 3.1 and Graphics Support for Wysiwyg
4551309.WND 1k "Cannot Find 123DOS.EXE" When Loading 123 3.1 Server Edition
4551310.WND 1k "DOS16M Error 31" When Loading 123 3.1 Server Edition
