

Achieve professional page design and layout in all your publications, combining text, illustrations and photographs in any way you choose. Use grids, guidelines or free-form layouts; add Pantone colour to text and graphics; print to QuickDraw and PostScript printers. Control typography with powerful stylesheets, for effortless accuracy. Add rules and borders; create graphics, import drawn or scanned images - and let text flow round them automatically. Rearrange, re-size, and rotate text and graphics to produce exactly the layout you want.
