

Expert Draw is the powerful alternative to expensive drawing programs. It's ideal for creating stationery, logos, technical drawings, maps, posters, even screen presentations.

It offers all the standard features you'd expect - and a full range of professional features usual with much more expensive programs. These include:

- Rotates objects in 1 degree increments.
- Assigns colours or patterns to an objects line/fill
- Blends colours and patterns
- Extensive library tools
- 16.7 million on-screen colours - and prints in colour too
- Supports QuickTime, Import or Export in Paint, PICT, PICT2, EPSF.

Draw Pricing;
1 copy; £25.00.
