

Expert Color Paint is like having a fully equipped art studio at your disposal. Use a spray can or an eye-dropper. Set the flow and nozzle shape of the air brush. Design your own patterns. All in 32-bit colour, with up to 16 million colours!

Advanced image editing features include:

- blur and sharpen, control brightness and contrast.
- Image scaling
- Anti-aliasing
- Paint dithering, flip, rotate, and change perspective.
- Expert Color Paint also supports System 7 QuickDraw and PostScript.

Color Paint Pricing;

1 copy; £25.00.
