

Manages your schedule and keeps your associates up to date, in the office, at home, or on the road. Categorize your events and tasks, and display your schedule a day, week, or month at a time. There are Reminders for advance warning of important appointments or priority items; and you can easily schedule regular meetings. With Public Events, groups can post announcements and information within the network. Print out calendars, customized for personal appointment books. Carry your calendar file with you, transferring new details when you return to the network. PowerBook optimized, so the most commonly-used resources are loaded into RAM, needing less-frequent hard drive accesses.
