

## NEWSXPRESS      FREEWARE

This easy to use yet extremely powerful news reader is blazing fast. It's simple GUI (Graphical User Interface) allows for quick navigation of newsgroup. It has many advanced options such as killfiles, window arrangements, and even to show toolbars or not, so you get maximum viewing space. It's simple options are great for beginners, yet they are still advanced so you can read the newsgroups exactly the way you want.
