WinWeather   SHAREWARE $19.95

WinWeather 2.01 is a shareware program that brings hourly weather reports and forecasts, satellite images, ski reports, even WeatherCams to your PC! With an Internet connection, you'll be able to get the latest weather and weather reports on cities all over the United States and around the world. No need to remember strange Internet addresses---if you can click a mouse, you can use WinWeather!

This program is like having the Weather Channel hooked up to your PC.   A great Internet application... try it we are sure you will agree!
