

The April 1936 issue of SPICY ADVENTURE STORIES marks the first appearance in its pages by Sam Walser, present with "She Devil". Walser is perhaps better known to readers today under his real name, Robert E. Howard. Howard, of course, was one of the giants of the pulp field, best known for his work for WEIRD TALES, such as Conan, but equally adept at turning out fiction in other genres, such as westerns for ACTION STORIES. A movie based on his life has recently been filmed and is due to be released to theaters in late 1996 or early 1997.
