

Parkhurst's cover to the October 1936 issue of SPICY MYSTERY STORIES features two women, although since one of them is spectral and only partially scene, only one can be classified as the usual spicy babe. The issue contains Hugh Cave's/Justin Case's "Cult of the Corpse". Five of Cave's SPICY MYSTERY tales were reprinted in the World Fantasy Award winning anthology, MURGENSTRUMM AND OTHERS published by Carcosa in 1977.
