

# **The Greens 1.0**

Designed and created by **Shadoware**, 1993.

Thanks for your interest in **The Greens**! To install the program: From the File Manager, Drag and Drop **thegreen.exe** onto your Program Manager. To run the Program from the File Manager, double click on **thegreen.exe**. Otherwise, from the **Run** dialog box, browse to the directory where **thegreen.exe** is located, and choose that file.

The following files should be included in your copy of **The Greens**:

**thegreen.exe**  
**midi.mid**  
**game.mid**  
**thegreen.hlp**  
**thegreen.wri**

If any of these files are missing, please contact **Shadoware** at the following address:

**Shadoware**  
**P.O. Box 0155**  
**New Port Richey, FL 34656-0155**

If you have any questions as far as technical support, or comments or suggestions, please feel free to write us at the above address, or , you can reach Shadoware via E-mail to Compuserve at 72302,563, and also at Shadoware's home BBS, "The Board Of Trade" (24 hrs.) run by sysop Rich Ziegler at 813-862-4772 located in Hudson, Florida . Leave mail to Ken Foster or Sam Misemer.. To **Register**, please use the **File | Print** option under the help file (in the Registration Information topic). PLEASE NOTE: As The Greens is a very color intensive game, you may encounter slight RGB (Red Green Blue Palette structure) color differences while running another color intensive application. These differences can inhibit game play. If this occurs, please minimize, then maximize The Greens, and this should correct any color variances.
